About us

Our Company

Atticinfo is a consulting firm with vision and focus to provide the IT services for Enterprise needs of the clients. Our diversified services in the area of Information Technology includes IT solutions, Web Development, Consultancy, Support & Maintenance, Staffing and Training.

Atticinfo took its shape in 2006 finally when a group of technocrats, expertise at different areas of Information Technology have decided to start up with a firm, which offers the best services ever in this industry to their clients. We at Atticinfo not only help our clients incorporate the world latest techniques in Information Technology but also offer the most effective Staffing solutions for those who are in IT services.

Our Vision to offer our clients innovative and cost effective services to help them achieve their business goal in stipulated time by utilizing the modern techniques in Information Technology keeps us motivated all the time.

Our Vision to offer our clients innovative and cost effective services to help them achieve their business goal in stipulated time by utilizing the modern techniques in Information Technology keeps us motivated all the time.

Ut maximus interdum mauris, quis finibus felis rhoncus a. Nam ut est id tortor mollis dictum quis quis sapien. Donec leo odio, molestie a est sed, blandit volutpat nisi. Donec vehicula nulla quis mi viverra vulputate. Maecenas eget cursus justo. Fusce dapibus dolor et leo consectetur.

Our Approach

"We work with our clients closely to understand their functional needs to come up with the solutions which suit them the best. In fact we offer solutions, which would enhance their chances of achieving their business goals more effectively.

We tend to provide personalized solution in regard to the client's specific competency, which prove to be result oriented rather than just offering solution to meet their IT needs specified. This particular approach of ours makes us the preferred IT service provider for most of our repeat clients."

Our Vision

"Our Vision is to offer our clients innovative and cost effective services to help them achieve their business goal in stipulated time by utilizing the modern techniques in Information Technology. Thus emerge as the most preferred Global IT service provider by organizations from different domains."

HR CONSULTING

We are a young and dynamic firm with core expertise in fulfilling any kind of recruitment & staffing requirements. Although, we started primarily as a recruitment oriented firm, our natural progression has been into Human Resource Consulting & Business / Management Consulting areas

we providing timely, cost effective recruitment solutions with a low attrition rate. We have developed skills in spotting talents through head hunting and talent search mechanism for positions at all levels and functions. In the present era of hyper competition, human resources are crucial in maintaining one's competitive advantage and we partner with clients to achieve it.

We help organizations to recruit the best professionals with appropriate competencies, who fit in culturally and have smooth transition
